CONNECTYOU: VALUE PLAN

Critical Information Summary

Information about the service

The Service:

ConnectYou is a voice telephony service that is supplied over your internet service. The internet service may be supplied by BlueReef Connect or by another service provider.

Bundling

In order to access the Service, you may need a dedicated or shared fixed line broadband Internet connection, such as ADSL 2+, NBN, SHDSL or Fibre service.

Mandatory components

You will need a broadband modem for the service to work. We recommend that the service be accessed with hardware supplied or approved by us. Please contact us for further information.

Minimum Term

The service is available with no minimum term, 12, 24 or 36 month terms.

Important conditions

BlueReef Connect plans provide you with a PBX license with access to all standard PBX features. If you have current numbers with another provider for your phone service and you would like to keep them, then they will need to be ported. Additional fees apply. BlueReef Connect plans do not support 19/1900 numbers calls, fax, dial up modem or other analogue data calls (e.g. EFTPOS, HICAPS), back to base alarms and other monitoring systems using phone lines, and similar features.

ConnectYou is not available for telemarketing, call centre function and similar uses.

If you don't want your name, address or phone number printed in the White Pages® or any other directory product, you can opt for no directory listing.

We will bill you in advance for the minimum monthly charge and features, and in arrears for calls.

Your first bill will include charges for part of the month from when you took up your plan until the end of that billing cycle, as well as the minimum monthly charge in advance for the next billing cycle. Fair Use Policy applies.
